Arend's Kumyss

MILK CHAMPAGNE

(TRADE MARK)

Should be the reliance of the physician in all those cases of debility in which prompt improvement of the general tone is imperative. Known in the Steppes and over vast regions of Russia, and so much the best nourishment for a weak stomach or the same time, through the process of fermentation which Kumyss undergoes, medicinal qualities are developed which are vainly look for in mineral waters. In severe, exacting summer cases of Dyspepsia, Kumyss acts like a charm, promptly relieving all the distressing symptoms of such cases. When the stomach rejects all else, Kumyss is retained and assimilated, affording the patient nourishment, strength, and comfort, and, as a logical consequence, increased vigor and refreshing sleep follows. In anemic, intermittent, gastric, and typhoid fevers, Kumyss is the best food. It satisfies thirst and hunger and adapts the fever. Kumyss has circulated with the advantage over drugs in that it can never do harm. To those who are unfamiliar with drugs is an admirable vehicle or intelligent physicians administer in this way. Not only in extreme cases should Kumyss be resorted to; it should be the chief remedy for a weak stomach under all circumstances. The invigorating tonic—taken with a few glasses of Kumyss a day will improve the digestive and the nerve force. Ladies should be less nervous, more vigorous, and healthier looking if they would add to their daily diet a few glasses of Kumyss. Sold by the principal druggists. Invalids of institutions.

Accurate Kumyss is not sold in the trade, but in complimentary cases.
